Brochure 2025

# Master of Management by Thesis

12 months study time

On-site study mode

Scholarships + promotions available

Multiple start dates

Complete your Master's in just 12 months by studying with a flexible research-based schedule in Auckland, New Zealand. With full-time working rights while on the student visa (40 hours of work allowed per week).

Advance your knowledge within a specialised field of management and extend your intellectual, leadership and strategic capabilities. Take the next step in your career to level-up your employability and gain new professional opportunities.

## Program outline

The Master of Management is a 120 credit, Level 9 qualification which is completed by thesis – an extended paper that is planned, researched and written by you. You will:

- engage in rigorous intellectual analysis, criticism and problem-solving
- Become experienced in the work environments of New Zealand
- communicate effectively (orally, visually and in writing) about workplace issues
- plan, execute and complete a piece of original research, relevant to industry stakeholders
- learn how to foster an organisation culture with strong employee engagement and collaboration, with ongoing learning and development in a changing environment

## Pathway benefits

### Visa & immigration

Candidates on this pathway typically move to New Zealand on a student visa. After graduation, students receive a 3-Year Post-Study Work Visa, and can gain 5 out of 6 points for long-term residency applications. The candidate's partner & children also receive visas.

### Work

Special to this program, students of the MMT are eligible to work for 40 hours a week while on their student visa. After graduating, get connected to New Zealand employers in your professional field for unrestricted full-time work conditions on a Post-Study Work Visa.

## The Pathway

This pathway is delivered by a specialist skills institution in Auckland, New Zealand. The pathway has been specifically created to make it as flexible as possible, so that students can study and work at the same time.

### Program Structure

This Master's degree program is designed to fast-track your postgraduate qualification through independent research, allowing you to complete your studies in just 12 months while also having the right to work 40 hours a week during this academic period.

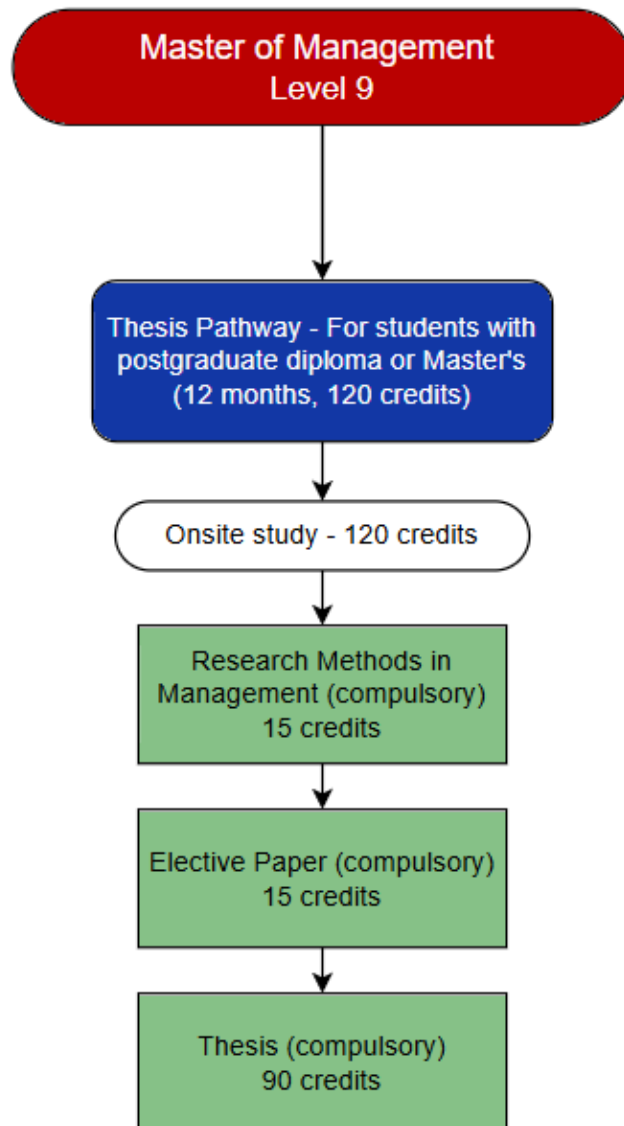

#### Study in New Zealand

Candidates complete 12 months of study by research for their Master's, while also having full-time work rights in New Zealand (40 hours per week allowed).

#### Live in New Zealand

After graduation, the student and their family receive a Post-Study Work Visa (3 years), and can achieve 5 out of 6 points for long-term residency applications.

## Start Dates

Programs are available to start in **January, March, May, July, September, and November.**

Please check the visa processing time carefully before choosing a start date.

## Courses Information

The MMT is comprised of just three course modules, all assessed by the submission of a written paper. Students are provided with paper outlines at the start of trimesters, and it is their responsibility to ensure that they fully understand course requirements.

### **Trimester 1**

#### **Research Methods in Management**

**15 credits**

Learn the required skills to undertake academic and applied management research using a variety of quantitative and qualitative research methods, and also identify and manage their limitations and associated ethical issues.

### **Trimester 2**

#### **Elective Paper**

**15 Credits**

Choose a topic that aligns with your thesis research to begin compiling your research and putting it into writing. Topics can be selected from a range of course offerings.

### **Trimester 3**

#### **Thesis**

**90 credits**

Plan, execute and complete an original research project in the form of a thesis by demonstrating advanced knowledge in an area of management. This should be focused on a real-world solution to an identified problem or challenge in business.

# Student Information

## Who is this pathway for?

The Master of Management is designed for people working or seeking to work in business or management roles in any type of organization. The content of the courses is applicable to a broad range of professional workplace environments and situations, and is directed toward building skills in and awareness of areas such as:

- Leadership & team building
- Professional communication
- Information systems
- Entrepreneurship & innovation
- Marketing & sales
- Operations
- Strategy
- Technology & digital business

## Graduate Outcomes

Graduates of the MMT program achieve a level 9 Master's degree, enhancing their employability and giving them the highest possible number of points for long-term residency applications.

They gain valuable insight and experience of modern workplaces, demonstrating essential skills required for advancing in a number of professional careers.

Long-term research has shown that 87% of international students who remain in New Zealand after graduation continue to have employment 5 years after their studies.

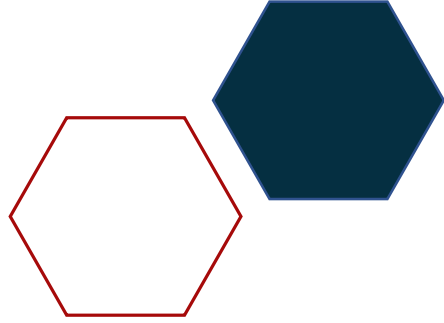

## Entry Requirements

Postgraduate diploma or Master's degree in any subject, with full transcripts from a recognized institution.

Academic IELTS minimum level 6.5 is required, with no band falling below 6.0.

A personal statement, written by the candidate, including motivations for study and future aspirations.

## Location

### About Auckland

New Zealand's largest city, and the beating heart of the nation's business and economic activities, Auckland is a major metropolitan area in the north of the country, boasting a unique blend of urban living and natural beauty.

With its vibrant student community, innumerable cultural events, and a wide scope of employment opportunities, Auckland is a world-class place to call home whilst undertaking graduate studies and work.
